## DESIGN

with passion

Good project is just a part of success, the rest is determined by our own choices. Wishing to surround ourselves with beautiful things we select stylish and those of exceptional design. Obviously, beautifully arranged interiors make living much more pleasant.

Loft Design System decorative panels are the effect of intensive work of Italian designers. Owing to typical of Italian natural elegance as well as their courage to make unconventional patterns, you will create stylish space.

Decorative panel Model 01

We go for unique designs to emphasize our passion for original form. We are full of admiration for everything that's beautiful, perfect and unusual. That is why, giving you the designs of wall panels, we can assure you that an amazing style will appear in your interiors.

## STYLE

icon of simplicity

Three - dimensional style. Such form of panels makes interiors gain their quality. Decorative panels are more than just ordinary objects. Thanks to them, plane surface transforms into piece of art. It is a perfect idea for everyone who admires good style.

Loft Design System is a story about how the idea of Italian designers changes into something that creates space in different dimension - third dimension. All of that is served in a beautiful and hypnotizing form which makes spending time in the interiors a true delight.

Interiors that reflect your style

## INTERIOR

redefined

# Loft Design System 3D decorative panels

Our products are an inspiring source not only for architects and interior designers, but also for you.

## The design of your interior

Owing to our cooperation with the designers from all over the world, you will find the reflection of multiple styles among our patterns, from pure classic to contemporary.

## Creative solutions

Designed with the intention of creative play with form and light. You can make your interior one of a kind, individually arranging a chosen model.

## Environmentally friendly

Natural composition of 3D Loft Design System panels helps prevent structural harmony, naturally regulates the humidity level, absorbing its excess and delivering it back to the interior, for example during heating periods.

## Stylish technology

If the look is as important to you as the acoustic properties, Loft Design System panels with soundwave technology applied, would be the perfect solution.

## Loft System Collection

3D decorative panels are the perfect solution for all kinds of interiors. Break the monotonous look of your plain walls with 3D Loft Design System panels.

## Loft Concrete Collection

Loft Concrete, decorative panels of concrete structure in lighter version. Available in three colour variations, Dove Grey, Stone Grey and Ivory White, plain & hollow model.

## Loft Mural Premium Collection

Limited collection of decorative panels will help you create unique style in the interior.

# WELD

**WELD BRAND** | High quality products for decorative wall panels

**HQ**  
High quality

Unique formula

High performance

Easy of use

**PERFECT CHOICE FOR PROFESSIONALS**

## WELDFIX

Weldfix Ultra is modern and easy in use mounting adhesive, especially useful for decorative panels. It can be used to most of available substrates: lime plaster, gypsum plaster, wood, MDF, HDF, cork plywood, chipboard, ceramics, plaster, plasterboard, steel, carpentry furniture, built-in cupboards, moldings, profiles, hangers, etc. Do not use styrofoam PE, PP.

## WELDMASA

WELDMASA is ready-to-use gypsum putty, suitable for a wide range of interior applications. It's perfect for non-structural filling, leveling, patching and jobs on gypsum boards such as decorative panels. Thanks to WELDMASA the surface is much more smoother. Advantages: high quality, unique formula, easy in use, fast drying time, increase smoothness.

## WELDPRIMER LIGHT & WELDPRIMER STRONG

WELDPRIMER LIGHT & WELDPRIMER STRONG Concentrate are the newest formulas that reinforce primed surfaces, reduce ground's absorbability, standardize primed surface. It is a preparatory coating put on materials before painting. Priming ensures better adhesion of paint to the surface, increases paint durability, and provides additional protection for the material being painted. We recommend to prime as the first layer under painting and install panels made of gypsum composite. Advantages: high quality, easy in use, fast drying time and high efficiency.
